Max

Bellezza funzionale. Max è un sistema di divani componibile che consente differenti configurazioni capaci di adattarsi ad esigenze diverse. Gli elementi modulari della collezione, disponibili lineari e asimmetrici, sono caratterizzati da geometrie pure e rigorose. Il progetto è arricchito da tavolini da appoggio, in tutte le nuance lucide e opache, che si inseriscono tra i cuscini di seduta o come terminali. Le forme avvolgenti di questi ultimi conferiscono morbidezza all'aspetto razionale e pratico del prodotto.

Featuring a functional beauty, Max is a system of modular sofas which allows several configurations able to adjust to different needs. The collection modular elements can be linear or asymmetrical and are characterised by strict and pure geometries. The project is enhanced by matt or glossy side tables inserted between the seat cushions or as end elements. Their embracing shapes make the functional aspect of the product softer.

Oscar

Esempio di continuità e armonia, la lettera O è il segno grafico che dà origine alla collezione Oscar: divano, relax chaise e poltrona che esprimono eleganza attraverso una linea morbida e dettagli perfettamente contemporanei. I volumi sono precisi ma morbidi, essenziali ma confortevoli. A dare un tocco ancora più unico al prodotto, è prevista come optional una barra rivestita in cuoio che impreziosisce gli schienali. Oscar esprime pienamente un dinamico equilibrio di forme.

An example of continuity and balance, the letter O is the graphic sign from which Oscar collection draws inspiration: sofa, relax chaise, and armchair able to express elegance through soft lines and contemporary details. The volumes are clear but soft, essential, and comfortable. A saddle leather bar gives a unique touch to the product by enhancing the backrests. Oscar perfectly shows a dynamic balance of shapes.

Nora

L'arte di stare in poltrona: questo rappresenta Nora, una seduta dalle proporzioni generose con ampi braccioli imbottiti, che esprime la sua personalità attraverso differenti anime. Come da sempre si propone Meridiani, questo prodotto ha una componente altamente sartoriale: è stata infatti data la possibilità di personalizzarlo secondo il proprio gusto. Nora può essere più seria con le gambe in legno massello o completamente rivestita in tessuto/pelle ma anche più giocosa utilizzando una combinazione di diversi tessuti tra seduta/schienale e gambe/braccioli.

The art of sitting on the armchair: Nora is featured by generous proportions and upholstery armrests, and it is able to express its character through different souls. As Meridiani offers since ever, this product can be totally customised: it is possible to tailor it according to clients' desires. Nora can present a more serious version with solid wood legs or totally covered by fabric/leather, or it can offer a more playful version by showing a combination of different fabrics between seat/backrest and legs/armrests.

È la perfezione geometrica la chiave estetica di questa famiglia di tavoli bassi disponibili in diverse dimensioni per ciascuna forma. Realizzati con la fascia perimetrale nelle preziose finiture artigianali dell'ottone bronzato o dell'acciaio platinato, i piani presentano varie finiture che spaziano dal vetro, allo specchio, alla lacca o al marmo. Vibrante la versione Mirror interamente rivestita con le superfici riflettenti dello specchio.

The formal key of this family of low tables is the geometrical perfection: they are available in different sizes for each form. The perimetral side panels are available in handcrafted finishes such as bronzed brass or platinum steel, with tops in various finishes, from glass to mirrors, lacquer and marble. Very vibrant the Mirror version, completely covered with reflecting surfaces.
