Family is our starting point

Creatività italiana, tradizione artigianale e vocazione internazionale sono i tratti distintivi di Potocco, azienda a conduzione familiare, fondata nel 1919 da Domenico Potocco a Manzano (UD).

Italian creativity, artisan tradition and international vocation are the distinctive traits of Potocco, family-run company founded in 1919 by Domenico Potocco in Manzano (Udine).

Da piccola bottega artigiana per la produzione di sedie, Potocco si è evoluta nel corso degli anni trasformandosi in una vera e propria realtà industriale, specializzata nella creazione di arredi per la casa e il contract, adatti sia agli ambienti indoor che outdoor. Tappa fondamentale per l'azienda, la partecipazione nel 1961 al primo Salone del Mobile in qualità di socio fondatore.

Oggi guidata da Antonino Potocco, coadiuvato nel suo ruolo dalle figlie Alice e Marianna, quinta generazione della famiglia, l'azienda è presente in tutto il mondo grazie a una solida e vasta rete di distributori e all'apertura delle divisioni Potocco USA e Potocco Asia-Pacific.

From a small artisan workshop for the production of chairs, Potocco has evolved over the years, transforming into a large industrial reality, specialized in the creation of home and contract furnishing, for both indoor and outdoor environments. A milestone in the company's history is the participation at the first Salone del Mobile trade fair as a founding partner, in 1961.

Today the Company is run by Antonino Potocco, assisted in his role by his daughters Alice and Marianna, fifth generation of the family. The company is present throughout the world thanks to a solid and vast network of distributors and the opening of the Potocco USA and Potocco Asia-Pacific divisions.

Tailored industry is our soul

La cultura artigianale come patrimonio aziendale ha permesso a Potocco di coniugare negli anni i vantaggi di una moderna produzione in serie alla cura del dettaglio tipica delle lavorazioni manuali. Dopo un secolo di storia l'azienda realizza ancora internamente tutte le fasi produttive comprese le più delicate, dall'intreccio a mano, alla lavorazione del legno e dei diversi materiali.

Un connubio perfetto dove tradizione e innovazione si incontrano per garantire i più alti standard qualitativi.

The artisan tradition as a corporate asset has permitted Potocco to combine over the years the advantages of modern mass production with the attention to details typical of manual processing. After a century of history, the company still manages all production stages internally, including the most delicate ones, from hand weaving to the processing of wood and various other materials. A perfect union where tradition and innovation meet, guaranteeing the highest quality standards.

Bespoke
is our state of mind

Punto di forza di Potocco è da sempre la grande capacità di personalizzazione offerta al cliente: grazie a una produzione gestita internamente e all'abilità nella lavorazione dei materiali, l'azienda è in grado di realizzare su misura ogni proposta, customizzandola sulla base di specifiche richieste.

Potocco's strength has always been the great customization ability offered to the customer: thanks to its entirely managed in-house production and its ability to work different materials, the company is able to tailor each proposal, customizing it on the basis of specific requests.

L'expertise maturata in oltre un secolo d'attività si manifesta nell'estrema cura dei dettagli, tipica della tradizione artigianale, nella lavorazione dei diversi materiali ma anche negli intrecci realizzati a mano in canna e cordino che contribuiscono a creare proposte uniche dal gusto sempre nuovo e fresco.

The expertise gained in over a century of activity manifests in the careful attention to details, typical of artisan tradition, in the processing of various materials and in the handmade weavings made in cane and ropes, which contribute to the creation of unique proposals with a taste that is always new and fresh.

Uncompromising quality is our mission

Custom made

Concepita prima di tutto per la casa, la proposta di Potocco si rivolge contemporaneamente anche al mondo contract. Il legame indissolubile e profondo dell'azienda con il mondo del progetto trova infatti ulteriore espressione in questo settore con progetti che spaziano a 360° dall'hospitality al corporate, dal retail al navale.

Tre possibilità di fornitura assicurano infatti un'offerta eclettica e versatile che si adatta in toto alle richieste del cliente. Prodotti da catalogo, custom made e progetti ad hoc rispondono con pari efficacia alle esigenze della committenza, supportata in tutte le fasi, dall'ideazione del progetto al servizio d'assistenza post vendita.

Designed above all for the home, Potocco's proposals are also aimed at the world of contract furnishing. The profound and indissoluble connection of the company with the world of project furnishing finds a further expression in this sector through projects that cover the full range of activities, from hospitality to corporate spaces, from retail to naval.

Three possibilities of supply guarantee a versatile and eclectic range that may be adapted completely to the customer's requirements. Catalogue's products, custom-made and ad hoc projects respond with equal effectiveness to the customer's needs, supported at every stage, from the project's conception to the after-sales assistance.

Keel

La sedia e poltroncina Keel nascono da una ricerca sul tema del rapporto tra rigore geometrico e sinuosità organica. Keel, nome che richiama il mondo della nautica, rappresenta infatti il tentativo di trovare il miglior equilibrio tra una struttura lineare in tondino di metallo ed elementi d'appoggio in massello di frassino dalle forme morbide e sinuose che presentano una lavorazione molto particolare. Keel è disponibile anche nella versione outdoor in massello di iroko.

Keel chair and small armchair were born from the research between geometric rigor and organic sinuosity. Keel, name recalling the nautical world, represents the attempt to find equilibrium between the linear structure in embossed metal rod and the sinuous and soft lines of the backing elements in solid ash wood, presenting a very particular processing. Keel is available also in the outdoor version in solid Iroko wood.

Terrazzo

Lo scrittoio terrazzo è ideale sia per un angolo studio che di lavoro, sia per una casa che per la camera di un hotel. L'ispirazione per questo progetto nasce nei viaggi del designer, Nicola Bonriposi. Il suo profilo, che rimanda alle tipiche risaie a terrazza indonesiane, crea una spalla oversize che ne amplia la funzionalità.

Lars

La sedia e poltroncina imbottite Lars si contraddistinguono per il particolare disegno delle gambe che senza soluzione di continuità sembrano scaturire dalla seduta e dallo schienale.

Completamente rivestita in tessuto o pelle, Lars propone l'esito di una riflessione sul tema della seduta mono materica caratterizzata da una confezione sartoriale che veste perfettamente la struttura, interamente stampata in poliuretano espanso ignifugo, che cela al suo interno un'anima in metallo.

The Lars upholstered chair and small armchair stand out for the sinuous and special design of their legs, which appear to start from the seat and the backrest in one piece.

Fully covered in fabric or leather, Lars represents an interpretation of the single-material seating item, characterized by a tailored upholstery, which perfectly fits the entirely fire retardant polyurethane molded structure, hiding a metal core inside.

Otab è una proposta giocata sulle proporzioni: al volume imponente della base fa da contrappunto l'essenzialità del piano. Un monolite materico che nasce dall'accostamento di due forme pure e geometriche, il cerchio e il cilindro. Un particolare dettaglio in ottone brunito solleva la base da terra e ne disegna il profilo.

Grace

Trait d'union della collezione Grace è la struttura in massello di frassino spazzolato, modellata in forme geometriche, morbide ed avvolgenti declinate in sedia, poltroncina, poltroncina pozzetto, poltrona, divano e tavoli allungabili. Elemento di grande preziosità l'intreccio in canna, disponibile per sedute e divano, che crea una fitta trama donando un tocco di freschezza ed unicità ad ogni interno domestico.

The trait d'union of the Grace collection is the brushed solid ash wood frame, modelled in geometric and soft enveloping shapes, consisting of chair, small armchair, tub chair, armchair, sofa, and extendable tables. La poltroncina Coulisse manifesta la propria particolarità nella fascia posta sul retro dello schienale imbottito, curvo ed avvolgente, che va a creare un'originale arricciatura. Un dettaglio da sartoria che ne detta il sapore artigianale insieme alle gambe in massello di faggio che sorreggono la seduta.

Aura

Il tavolo allungabile Aura si sviluppa a partire da un basamento in rovere a forma di croce, che ne costituisce l'elemento distintivo, abbinato ad un essenziale piano circolare o ovale della stessa essenza, per una proposta dall'estetica semplice, ma incisiva. Ad arricchire il progetto, si presenta il luminoso profilo in alluminio satinato che delinea la base.

The Aura extendable table develops from a cross shape oak base, which is its distinctive element, combined with an essential circular or oval top in the same wood essence, giving it a simple yet incisive look. Scheggia

Prodotto rappresentativo della maestria artigianale dell'azienda è la poltrona Scheggia, che prende idealmente forma da una linea continua in cui il disegno di schienale, braccioli e gambe in massello di noce Canaletto rastremato ai bordi, è dettato dalle venature stesse del legno. La seduta, intrecciata a mano, può essere in cordino "Gassa" color testa di moro, oppure interamente imbottita in tessuto o pelle.

A representative product of the company's craftsmanship is the Scheggia armchair, which ideally takes shape from a continuous line in which the design of the backrest, armrests and legs in solid Canaletto walnut tapered at the edges is dictated by the grain of the wood itself. The hand-woven seat can be in dark brown "Gassa" rope, or entirely upholstered in fabric or leather.

Pocket

Pocket nasce dall'idea di creare un coffee table all'insegna della multifunzionalità. A comporre la sua struttura due tavolini di altezze differenti, a incastro: quello più alto con base in metallo e top laccato nero, il più basso con la stessa base metallica e piano contenitore in frassino che può essere utilizzato come cassetto o piano d'appoggio. Scomponendo la normale funzionalità del cassetto, il designer lo rende così un elemento indipendente.

Pocket was born from the idea of creating a coffee table in the name of multifunctionality. Its structure is composed of two interlocking coffee tables of different heights: the highest one with metal base and black lacquered top, the lowest with the same metal base and container top in ash wood that can be used as a drawer or top. By breaking down the normal functionality of the drawer, the designer makes it an independent element.

Léna

Disponibile nelle versioni sedia, poltroncina e poltrona, fissa con gambe in massello di frassino, e girevole con base centrale a quattro razze in alluminio, Léna propone una rilettura in chiave minimal contemporanea della classica seduta a pozzetto. Grazie alla particolare costruzione dello schienale, Léna elimina quasi completamente le cuciture creando una scanalatura che rende particolarmente funzionale la realizzazione della versione bimaterica.

Available in the chair and small armchair version, as well as armchair version, with solid ash wood legs or four-star swivel aluminum central base, Léna proposes a reinterpretation of the classic tub chair in a contemporary minimalist style. Thanks to the construction of the backrest, Léna eliminates the sewing almost completely, creating a groove which makes the construction of the bi-material version particularly functional.

Blossom

Blossom è una collezione composta da sedute e da un tavolo allungabile con struttura in frassino.

Famiglia dalle forme archetipiche, che si caratterizza per un utilizzo dosato di dettagli. Leggeri plissé, accennati come petali sulla parte interna dello schienale, contraddistinguono le sedute imbottite Blossom.

Se sedia, poltroncina, poltrona, divano e sgabello si distinguono per le increspature e la cucitura impunturata che ne impreziosiscono l'imbottitura, rivestita in tessuto o pelle, il tavolo rivela, nella semplicità del disegno, attente lavorazioni artigianali. Lo sgabello è disponibile nella versione fissa, con gambe in massello di frassino e nella versione girevole con sistema a gas che permette di regolarne l'altezza.

Blossom is a collection made up of seats and an extendable table, with ash wood structure.

Family with archetypal shapes, characterized by a measured use of details. Light pleats, hinted at like petals on the inside of the backrest, distinguish the Blossom upholstered seats.

If chair, small armchair, armchair, sofa and stool are characterized by the pleats that embellish the upholstery, covered in fabric or leather, the table reveals true craftsmanship in the simplicity of its design. The stool is available in the fixed version with solid ash wood legs and in the swivel version with gas lift system, allowing you to adjust its height.

Stay

La poltrona Stay presenta un'essenziale struttura in tondino di metallo, in ottone brunito o antracite goffrato, che abbraccia schienale e seduta: i due elementi, funzionalmente e visivamente svincolati l'uno dall'altro, sembrano galleggiare al suo interno conferendo una levità d'insieme. Dall'approccio contemporaneo ma con rimandi agli anni '50, Stay è caratterizzata da volumi squadrati ma ingentiliti lungo i profili dalle morbide curve dell'imbottitura che fa da contrappunto al rigoroso disegno della struttura.

Stay armchair has an essential structure in metal rod, in bronzed brass or anthracite finish, which embraces the backrest and seat: the two elements, functionally and visually released from one another, seem to float inside it giving a light levity to the project. With a contemporary approach but with references to the 1950s, Stay is characterized by squared volumes, softened along the profiles with the soft curves of the padding that acts as a counterpoint to the rigorous design of the structure.

La sedia e la poltroncina Lyz mostrano la sapiente capacità dell'azienda nel lavorare il legno come materia viva mettendolo in relazione con diversi materiali. Un rapporto vicendevole dove il legno massello di frassino o noce Canaletto diventano la struttura su cui si sviluppa il rivestimento, disponibile nei tessuti e pelli di collezione, visibile da ogni angolazione della seduta. Disponibile con inserto in legno o interamente imbottita, questa seduta viene proposta anche con base girevole, cantilever, a slitta e a cono.

Avant

Avant, famiglia di contenitori composta da madia, con gambe in due altezze, e credenza. Un volume rigoroso che vive del calore e delle vibrazioni date dal movimento naturale del frassino e del noce Canaletto, materiale vivo scelto per disegnare le forme di questa collezione. Elemento funzionale ed estetico distintivo del progetto è il bordo superiore massellato delle ante battenti e dello schienale, che sovrasta lievemente il piano, consentendo la presa e l'apertura delle ante eliminando la presenza di maniglie. All'interno, ripiani in vetro retro verniciato nero temperato e su richiesta cassetti centrali per la credenza, e posizionati in alto per la madia. Una proposta che combina tradizione a tocchi industriali ricercati: le cerniere a chiusura ammortizzata sono state accuratamente selezionate per il loro impatto estetico minimo che permette così di celare il meccanismo alla vista. Completa il progetto il dettaglio delle essenziali gambe in ottone brunito.

A rigorous volume that lives on the warmth and vibrations given by the natural movement of the ash wood and Canaletto walnut, a living material chosen to design the shapes of this collection. A distinctive functional and aesthetic element of the project is the solid wooden upper edge of the hinged doors and the back, which slightly overhangs the top, allowing the doors to be gripped and opened, eliminating the presence of handles. Inside, black back painted tempered glass shelves and, on request, central drawers for the cabinet, and positioned at the top for the sideboard. Miura

Caratterizzata da linee sinuose e morbide, la famiglia Miura si declina in sedia, poltroncine e sgabello. La profonda cura sartoriale è evidenziata dalle cuciture a vista del rivestimento che segue la silhouette della seduta.

La poltroncina è disponibile anche nella versione interamente imbottita e, a scelta, il piedino in tre finiture: cromato, ottone brunito o cromo nero.

Characterized by sinuous and soft lines, the Miura family is composed of chair, small armchairs, and stool. The deep tailoring care is highlighted by the visible stitching of the upholstery that follows the silhouette of the seat. The small armchair is also available in the fully upholstered version and, optionally, the foot in three finishes: chrome, bronzed brass, or black chrome.

Slice

Sedia e poltroncina compongono la famiglia di sedute impilabili Slice. Elemento di unicità e distinzione, il dettaglio delle sottili aperture laterali dell'imbottitura in tessuto o pelle che, formando degli occhielli nella parte alta dello schienale, lasciano intravedere la struttura in massello di faggio. Sedute profonde e schienali lievemente inclinati sottolineano l'attenzione al comfort.

A chair and small armchair compose the Slice family of stackable seating. A unique and distinct element is the detail of the slender side openings of the fabric or leather upholstery, that creating eyelets in the upper part of the backrest, allow a glimpse of the solid beech frame. Deep seats and slightly inclined backrests emphasize the attention to comfort.
