DAYDREAM

collection

When “Daydream” was conceived we were transported by the music, by the melody of the sweet sounds that express themselves with the strength of the bass Thus the depth of the “makassar ebony” expresses itself through the reflection of the diamond cut mirrors, along with the refined ceramics, the lamps with satin silk features, precious wool and silk carpets, the sofas dressed with the most refined quality leathers and the finest fabrics. Above all the elaborate Murano blow glass chandeliers that join tradition and modern day eclecticism. The “Daydream collection” wants to make you dream joining the upmost craftsmanship with antique materials, it wants to amaze you with the simplicity and the elegance of the great melodies.
